

## **Biography**

Professor Chwee Teck Lim  
National University of Singapore

Professor Chwee Teck LIM is the NUS Society Chair Professor of Biomedical Engineering and Director of the Institute for Health Innovation and Technology at the National University of Singapore. He is also the Founding Director of the Singapore Health Technologies Consortium. His research interests include human disease mechanobiology, microfluidics and wearable sensing technologies for healthcare applications. He has co-authored over 470 journal publications and delivered more than 450 plenary/keynote/invited lectures. Beyond his academic achievements, Prof Lim is also a serial entrepreneur having co-founded six startups. Recognized for his contributions to the field, he has been elected as a Fellow of seven academies, including the US National Academy of Inventors, IUPESM, AIMBE, IAMBE, ASEAN Academy of Engineering and Technology, Academy of Engineering Singapore, and the Singapore National Academy of Science. Prof Lim and his team have garnered over 120 research awards and honors including the Nature Lifetime Achievement Award for Mentoring in Science, Asia's Most Influential Scientist, Highly Cited Researcher, Asian Scientist 100, Vladimir K. Zworykin Award, ASEAN Outstanding Engineering Achievement Award, Wall Street Journal Asian Innovation Award (Gold) and the President's Technology Award.
