

**Guoping Chen, Ph.D.**

**Group Leader**

Research Center for Macromolecules and Biomaterials  
National Institute for Materials Science, Japan

**Professor**

Graduate School of Science and Technology  
University of Tsukuba, Tsukuba, Japan

Dr. Guoping Chen is Group Leader of National Institute for Materials Science (NIMS) and Professor of University of Tsukuba, Japan. He received his Ph.D. from Kyoto University in 1997 majoring in Biomaterials. His research interests include tissue engineering and regenerative medicine, polymeric porous scaffolds, photothermal scaffolds, nanobiomaterials, biomimetic biomaterials, nano/micro-patterning and surface modification. He has authored more than 300 publications and holds 18 issued patents. He has given more than 150 plenary and invited lectures at conferences. He is Scientific Editor of Materials Horizons and Chair Elect of TERMIS-AP. He has received some awards including Young Scientist Award from Japanese Biomaterials Society in 2001, Original Research Award from Japanese Society of Artificial Organs in 2002, Tsukuba Award of Chemical and Bio-Technology from Tsukuba Foundation for Chemical and Bio-Technology in 2005, Biomaterials Advances Innovation Award 2023, Outstanding Scientist Award and Distinguished Member Award of TERMIS-AP in 2023. He is Fellow of the Royal Society of Chemistry, Fellow of American Institute for Medical and Biological Engineering and Fellow of International Union of Societies for Biomaterials Science and Engineering.
